New Jersey Chronological Elections Guide - 2005

Introduction

The Help America Vote Act of 2002 (HAVA) and the recent 2004 Presidential Elections has brought nationwide scrutiny to voting and elections administration.

The State of New Jersey continues to offer the Chronological Elections Guide to provide a clear and comprehensive source of information concerning elections for each level of public elected office. During the last three years, the guide has been expanded and includes information important to both members of the elections profession, as well as, any person just wishing to learn more about voting in New Jersey.

This year the improvements to the guide include the addition of a complete directory of municipal clerks together in a comprehensive directory of all levels of election officials in New Jersey sorted by county; our polling place voting information; a new internet resource section; and an updated glossary of election terms and congressional/legislative district maps.

The Guide is a product of a cooperative effort between the Division of Elections and a diverse group of election officials and voting advocates throughout the state, who are striving to ensure that voting concerns are addressed and that the public is well informed.

The right to vote is an important civil right, as well as a civic responsibility. For further information about the voting and elections, please visit our website at www.njelections.org.
